CACC

Please pray about supporting the Times of Refreshing Campaign

**We seldom try to do major
fund raising campaigns,
because we want to stay
focused on helping people to**

**EXPERIENCE GOD
CHANGE YOUR LIFE
CHANGE THE WORLD.**

**We want to build
BIGGER PEOPLE
more than we want to build
a big church.**

**We want to be
TRANSFORMED
not just
INFORMED.**

**However, we also want to be
GOOD STEWARDS**

**COOLING THE CHURCH COSTS
ABOUT \$20,000 PER YEAR.**

One of the major financial expenses
of doing ministry is heating and
cooling the church building.

The Lord gave us foresight and the
ability to install a significant amount
of solar panels on the church. It
used to cover our cooling costs.

By the grace and favor of God, we
have grown and use the facility a lot
more. Now our solar panels cover
about half of our cooling costs.

It will be good stewardship
to install more solar panels.
We are believing God to raise
\$16,000 for new solar panels, which
should save us more than \$32,000
over the next 10 years.

So we believe it is a
wise and good investment.

However, we are still catching up
from last years A/C bills and we do
not have that amount in savings
and it would not be good
stewardship to spend all of our
savings, which should be saved for
unexpected emergencies.

**WE NEED TO RAISE THE FUNDS
WE NEED TO RAISE \$20,000**

Times of Refreshing Campaign PLEDGE

We are praying for 10 families,
individuals or groups to commit to
giving \$1,000 over their regular
giving and tithing for the next year
(\$84 more per month)

We are praying for 10 families,
individuals or groups to commit to
giving \$500 over their regular
giving and tithing for the next year.
(\$42 more per month)

We are praying for 10 families,
individuals or groups to commit to
giving \$250 over their regular
giving and tithing for the next year.
(\$21 more per month)

We are praying for 10 families,
individuals or groups to commit to
giving \$100 over their regular giving
and tithing for the next year.
(\$8.50 more per month)

10 x \$1000 = \$10,000

10 x \$500 = \$5,000

10 x \$250 = \$2,500

20 x \$100 = \$2,000

\$19,500
